Our dough is made daily by executive chef **Emanuele Tagliarina** in the traditional Neapolitan way. We use fresh live yeast, Caputo flour and it's slow fermented up to 48 hours on site. This way it's fresh and easy to digest. We don't use sourdough because it's not a traditional method of our area and we find the tang of sourdough to overpower the fresh taste of our high quality produce. Our pizzas are stretched by hand in the traditional shape of "ruota di carro" (carriage wheel) always over 12" diameter. **We add to the menu daily specials and new plates please ask to our staff.**
