WWW.FARINAPIZZA.CO.UK

Our dough is made daily on site in the traditional Neapolitan way. We use fresh live yeast, Caputo flour and it's slow fermented twice up to 48 hours. This way it's fresh and easy to digest with a puffy cornicione (crust). We don't use sourdough because it's not a traditional method of our area and we find the tang of sourdough to overpower the fresh taste of our high quality produce. Our pizzas are stretched by hand in the traditional shape of "ruota di carro" (carriage wheel) always over 12" diameter.
